WORDPRESS & WEBFLOW - CREATIVE DEVELOPER

JOHN S. GONZALEZ

ABOUT ME

I am John Steven González, a Creative Developer. I have been developing websites for international agencies for 5 years, and today I am looking to improve my skills as a creative developer and aim to create websites like those showcased on Awwwards or curated.design. My passion is innovation, and I always push my knowledge to the limit. Rest assured, I will give 100% to any development project you propose.
